2.1

- Fall in love with drawing and writing on your iPad.
- Paperlike 2.1 is a high-performance screen protector that uses Swiss materials and cutting-edge Nanodots® technology to bring the precision of paper to a paperless environment
- Empower your paperless process. Write, draw, and be more productive than ever before with Paperlike.
- Paperlike helps you bring natural handwriting into your digital process.
- The latest iteration of Paperlike is manufactured using Swiss-based polymers to deliver improved picture clarity while still retaining the papery feel that tens of thousands of notetakers and artists around the world have come to know and love.
- Plus, every Paperlike comes in a set of two, so you'll always have a spare on hand.
- So, why wait? Do your best work with Paperlike.

Key features & Benefits

- The surface of every Paperlike is covered in tiny microbeads – called Nanodots – that provide increased stroke resistance and improved tactile feedback while you write and draw
- The result: Superior control, improved precision, and better performance every time you pick up your Apple Pencil.

Package includes:

- 2x iPad screen protector by Paperlike
- 2x wet wipes
- 1x dry screen wipes
- 2x dust absorbers
- 2x sticker guide sheets
