- Designed to give your Apple Watch a classic, yet bold new look
- Made from minimally treated, vegetable tanned leather - Horween leather

- Traditional design - each band is made with true craftsmanship as we use the best in class materials and state of the art manufacturing techniques to create a band that is unique to the market
- Each Traditional Band is lined by a soft leather backing and held together by durable linen thread. This pre-stretched and beeswaxed thread helps maintain lasting integrity and prevents the leather from stretching and morphing through months of wear.
- Each band is fitted with our custom designed, metal injection molded (MIM) buckle and lugs. High tolerance fit and sharp details are created with this industry leading marine grade 316 stainless steel.
