iPhone 16 series - protective Glasses

With the new phones comes a range of protective glass not only for the display but also for the camera lens. Glas.tR EZ Fit protective glass offers maximum protection against scratches and impacts without compromising touch sensitivity or screen brightness. Glas.tR Slim glass is ideal for users who prefer thin protection that does not compromise the aesthetics of the phone. Also new is Glas.tR Privacy glass, which protects not only the display but also the user's privacy by preventing viewing from an angle. In addition, for ultimate protection of the iPhone 16's photographic capabilities, Spigen offers special lens protectors that ensure the lenses are clean and as safe as possible.

Series:

- » Spigen Glass tR EZ Fit
- » Spigen Glass tR Slim HD
- » Spigen Glass tR EZ Fit (Privacy)
